Product Brochure

Standards in Every Screw. Craft in Every Pack.

FIXLINX
INDUSTRIAL

Company Profile.

Standards in Every Screw. Craft in Every Pack.

Fixlinx specializes in high-performance fasteners and integrated supply solutions. Using 10B21, C1022, SS410, and SS304 materials, we offer wood screws, structural timber screws, decking screws, and self-drilling screws for construction and DIY applications, supplied globally from our Wenzhou facility.

Beyond standardized products, we work with customers to develop retail-ready solutions. For the DIY market, we provide a range of packaging formats, including tubs, kits, bags, carded packs, and boxes.

From manufacturing to final packaging, Fixlinx delivers a reliable one-stop supply system, ensuring consistent quality and stable delivery, while well-designed packaging makes our fasteners easier to use and easier to sell.
